SIR,

I have the honor to forward herewith copies of the marginally noted communications between this office and the ~~office of the~~ Deputy Commissioner and President, District Board, Tumkur District, in the matter of the investment of the Railway Cess that is being collected in that District and to state that it is not desirable to permit the amount being withdrawn from treasury and invested elsewhere. The District Board of Tumkur has agreed to my proposal that the money may remain with Government if interest calculated at 1% per annum is allowed on the balance at credit of the Railway Cess Account at the beginning of every month. I request that Government may be pleased to sanction this arrangement. A similar arrangement has been previously sanctioned in Government Order No., FL. 217-8/G.F. 19-15-2 dated 16th August 1915, in respect of the amount of loan raised on account of the Shimoga District Board Railways.

I have the honor to be,
Sir,
Your most obedient servant,

Offg: Comptroller.

Referring to Government order No.1403-11/L.B.108-15-3 dated 18th August 1916, calling for the resolution of the District Board, regarding the proposal to invest District Funds in other securities, I have the honour to request you to be so good as to inform me at an early date what other securities are suitable for investing the District Funds.

Letter No.4115/B.R.21 dated 24th November 1916, from the Comptroller to the Government of Mysore Bangalore, to the Deputy Commissioner, Tumukur District.

With reference to your letter No.L.F.S.Ar. C. No. 170 dated 19th October 1916, enquiring what securities are suitable for investing the railway cess collected by the Board, I have the honour to state that the account of cess can be invested in the Government of India securities, but the price of these securities is going down, and realisation of the investment when the securities have to be sold may involve loss. I would therefore suggest that the amount of cess may be left in the treasury itself and Government requested to allow interest nil. As the amount will be fluctuating owing to monthly collections, interest will be allowed on the balance at the beginning, of each month. A similar arrangement has been adopted in regard to the proceeds of the Loan raised by the Shemoga District Board. The rate of interest allowed is 4 per cent. If the District Board is agreeable to this proposal, I shall place it before Government to obtain their orders.
